# Tuition and Discounts

[Click here](#) for current tuition rates.

**Tuition** is the amount charged to receive basic services in a given support package. This includes access to a limited number of online or offline courses in Ignitia or Canvas, as well as a level of teacher, counseling, and intervention support, as specified on the [Tuition Packages](#) page of Enlightium's website.

Tuition does not include the enrollment fee, Add-Ons (such as Premium Electives), support package adjustments, or any other programs or offerings that come with an added cost. It also does not include any additional required material for optional courses, print curriculum for the Book-Based Program, or any materials that parents agree to provide in the [Enlightium Terms of Service](#). You can contact your billing representative if you have a specific question regarding a tuition or other fee.

## Discounts

Discounts only apply to full-time tuition and cannot be combined. In the event a family is eligible for multiple discounts, the highest possible discount will be applied.

- Prepayment Discount:
  - The prepayment discount is available to families who pay their full tuition balance within 30 days of the student's enrollment date. Prepayment discounts vary based on the time of year you enroll, typically favoring earlier enrollment.
  - The current discount can be found [here](#).
- Family Discounts:
  - 10% off tuition for having two students enrolled
  - 20% off for having three or more students enrolled
  - In the event that additional students are enrolled more than 30 days apart, the higher discount will be applied only to the newer students.
- Active Military/Veteran: 10% off tuition
  - To qualify for the military or veteran discount, a parent or guardian of the student must be currently serving or have served in the US Armed Forces.
  - Verification is required. Parents will be asked to send proof of veteran status or current military service to receive the discount. DD214s reflecting a dishonorable discharge will not be accepted as verification.
- Ministry Discount: 10% off tuition
  - To qualify for the full-time ministry discount, a parent or guardian of the student must be serving full-time in a local church that aligns with Enlightium Academy's statement of faith, as outlined in Enlightium Academy's [Family Handbook](#). A verification letter from the church board or leadership must be shared for confirmation to receive this discount.
- Active Missionary Discount: 10% off tuition

- Missionary discounts are only offered for dependents of full-time missionaries who have an established sending body (church or other ministry organization) that aligns with Enlightium Academy's statement of faith, as outlined in Enlightium Academy's [Family Handbook](#).
- Verification is required. Parents will be asked to send a letter signed by a member of the sending body to verify missionary status.

If a family withdraws one or more children, it may affect the applicable discount for other children in the family. Some restrictions may apply, and all discounts are subject to verification.

## Satisfaction Guarantee

Enlightium Academy is committed to ensuring that each student is well-placed within our program. To support this commitment, we offer a 14-day grace period from the date of initial enrollment and a 14-day adjustment period from the class start date.

**Grace period:** We offer a **14-day grace period** from the date of initial enrollment, during which no tuition is due if a family chooses to cancel. The enrollment fee is fully refundable if cancellation occurs within 72 hours of enrollment. If any tuition payments have been made during this period, they will be refunded accordingly.

The 14-day grace period begins after submitting the enrollment form. Students in the Book-Based Program who have purchased books prior to withdrawal will need to handle book returns separately and on their own with the applicable textbook supplier.

**Adjustment period:** To ensure our program is a good fit, students have a **14-day adjustment period** from the class start date. During this time, families may make course adjustments, support package modifications, or other changes without incurring additional fees. *Please note: The adjustment period is designed for switching between courses or packages, not for cancellation without financial obligation. Any cancellations after the enrollment grace period will remain subject to tuition charges. After this 14-day adjustment period, further changes will incur additional fees.*

## Completion of Multiple School Years

If a student chooses to take an accelerated path, in which two grade levels are completed in one school year, the family will pay for the full year's coursework assigned for each grade level.

For students in grades Pre-K through 8, tuition for the initial grade level being attempted will be billed at the beginning of the school year. When that grade level is completed, the student will be re-enrolled at the next grade level, and the tuition for that grade level will be billed, typically at the end of the first semester. The tuition for the initial grade level must be paid in full before the student will be able to continue to the next grade.

High school students will be charged for a standard tuition package, plus a credit overage fee for any credits over the standard credit limit (see Credit Overage fees under “Premium Electives and Add-on Fees” for details).

# Account Fees

**Late Fee: \$5**

This fee is applied when a scheduled payment is attempted 3 consecutive times but is declined each time.

**Rescheduling Fee: \$5**

This is added to any payments that are rescheduled more than two days in the future. If a single payment is rescheduled multiple times, then that payment may incur more than one rescheduling fee. Payments may not be rescheduled more than 30 days from the initial scheduled date.

**Payment Schedule Adjustment Fee: \$15**

This fee is added to tuition plans if the entire payment schedule is rescheduled to a different date of the month (only one day in the month can be selected), more than 14 days after the initial tuition schedule email is sent.

**Reactivation Fee: \$25**

If a payment is more than 10 days late, the account will be placed on Financial Hold, and all associated Ignitia or Canvas accounts will be deactivated. There is a \$25 fee to reactivate the account. Additionally, the unpaid payment(s) will need to be resolved before the account can be reactivated.

**Reinstatement Fee: \$50**

If a student is withdrawn for any reason after an enrollment has been processed for a given school year, there will be a fee to re-enroll the student and reactivate the account. Additionally, if the household has a past-due balance, that will need to be resolved before any students can be reinstated.

**Chargeback Fee: \$45**

If a chargeback dispute is submitted without contacting Enlightium and attempting to resolve the issue first, a \$45 fee will be assessed.

**Returned ECheck Fee: \$45**

If an e-check payment is processed and is later returned, a \$45 fee may be added to the payment.

# Service Fees

## **Enrollment Fee: \$250 (New/Past Students), \$150 (Returning)**

The enrollment fee covers the costs of processing enrollment applications, requesting and reviewing records, scheduling tuition plans, and ensuring that parents and students have the information and access to resources necessary for beginning the school year. **This fee is due upon submission of an enrollment form and is non-refundable 72 hours after the form is submitted.**

*In some cases, coupons may be provided for enrollment fees. These coupons are only valid if the enrollment fee is paid prior to completing the enrollment form.*

## **Voucher Processing Fee: \$150**

The fee covers processing and administrative adjustments for up to 4 payments received through a voucher system for a single student for a single school year. Additional fees may be charged if more than 4 payments are made through a voucher system for a single student during a given school year.

The voucher processing fee will also be assessed for tuition reimbursements sought through a school choice funding program if assistance from Enlightium Academy is requested (such as through formal invoices or customized payment schedules). An additional \$10 fee may be charged for additional invoices when modifications are requested. If a specific voucher program requires additional services to be provided to families, additional fees may apply.

## **Invoicing Fee: \$10**

Quarterly and annual statements sent by Enlightium will be provided upon request free of charge. Any additional or custom requests may incur a \$10 fee per adjustment.

## **Course Level Change Fee: \$100**

This fee applies to class level changes (honors to standard or vice versa) requested more than 14 calendar days after classes are assigned.

## **Upgrading/Downgrading Fee: \$100**

This fee is charged if a student changes support packages more than 14 days after classes are assigned to begin. Students changing support packages between platforms (such as from AOP to BJU Press) will be charged an Upgrading/Downgrading fee as well as a platform change fee (see below).

Students in Gold, Diamond, or Sapphire tuition packages may have one upgrading/downgrading fee waived per school year. For example, if a student downgrades from Diamond to Gold and later from Gold to Silver, the parent will not pay the downgrade fee for moving from Diamond to Gold, but will pay the fee for moving from Gold to Silver.

**Platform Change Fee: \$100**

This fee is for changing between curriculum platforms (AOP, BJU Press, Ignitia, or Sapphire) at least 14 calendar days after classes are assigned.

**Refund Fee: \$30**

This fee may be assessed in situations when a refund cannot be issued directly to the original payment method.

# Incidental Fees

## **Test-Out Fees: \$75 per course**

If a student tests out of a course meant for a specific grade level (such as second-grade math), there is a fee to cover the costs of administering the test, reviewing the results, and updating the student's class assignments. If a student tests out of an entire grade level, there will be a \$75 fee for every course the student tests out of.

- For example, if a student tested out of third grade, there would be a \$75 fee for math, \$75 for English, \$75 for science, and \$75 for social studies, for a total of \$300.

## **Diploma Fee: \$150 (US), \$200 (International)**

This covers administrative costs associated with issuing a diploma to a specific student, including shipping the diploma to the student's address. It does not include the costs of attending the graduation ceremony.

## **Apostille Fees:**

If a family requests to have an apostille, the family will be charged for all associated fees incurred to Enlightium as a result of fulfilling this request. The minimum charge for an apostille is \$100. An additional \$50 will be required for expedited apostilles.

## **Transcript Fees: \$5-\$25**

An official transcript can be mailed to a student or organization for \$5. The transcript request can be expedited for \$25, only at the end of the first semester.

# Course Fees and Add-On Services for Students

Add-On fees are not prorated. Since these options are typically not selected on the student's enrollment form, they are not billed at the same time as the standard tuition plan. Regardless of when the fees are billed to the family, Add-On fees are due and non-refundable once Enlightium has begun providing the service. Course fees are due and non-refundable after the student has been enrolled in the course for 14 calendar days.

The fees must be paid in full within 30 days of selecting the Add-Ons and processing of the request.

Note: Add-ons may be included in Diamond or Sapphire tuition packages, with limits. If a student is downgraded from the Diamond or Sapphire Live tuition packages and is enrolled in any Add-On programs, the full fee will be charged according to the price that applies under the new tuition package.

For specific course descriptions, you can find more information [here](#).

## Enrichment and Hybrid Programs

Item	Cost
Spokane Enrichment Program	\$1,000
Spokane Hybrid Program - Comprehensive	\$2,000
Spokane Hybrid Program - Basic	\$1,250

## Premium Electives

Elective	Cost*
Creative Kids Acting	\$650 for 0.5 credits \$1,250 for 1 credit
Keyboarding I, II, III, or IV	\$50 per course
Lift Off Academy by iCode	\$650
YouTube 4 Teens	\$300
Photography 4 Teens	\$300
Film School 4 Teens	\$300
Graphic Design	\$300

Intro to Filmmaking	\$300
Boss Club	\$300
Advanced Placement	\$350 per course for Silver and Silver+ \$250 per course for Gold Books and exams are ordered separately

\*Cost may not include the cost of shipping materials

**Offline Electives: \$100 per 0.5 credits (\$200 per credit)**

Offline Electives are courses that are not taken through Enlightium Academy that Enlightium grants credit for, such as an organized sport, music lessons, or World Language courses taken through DinoLingo or Rosetta Stone. Though a certain amount of offline electives are included in every full-time student's tuition plan, parents will be responsible for additional costs to the organization providing the activity. More information about offline electives can be found [here](#).

The first credit for Offline Electives is included in every tuition plan for full-time students. If a student is taking more than 1 full credit of offline electives, each additional 0.5 credit is \$100.

**Iowa Complete Annual Assessment: \$50**

Enlightium offers standardized testing each year in May for students in grades PreK-8. This is required or recommended in many states, but not all. The testing fee is included in the Gold, Diamond, and Sapphire tuition packages.

**Credit Overages: Discounted tuition/number of credits included in tuition**

Five online credits are included in elementary school tuition packages, six credits are included in middle school tuition packages, and seven credits are included in high school tuition packages. Online credits over these limits are billed using this formula:

- Discounted Tuition / Number of Included Credits x Additional Credits = Overage Fee
- For example, a 10th-grade student in the Silver package taking 8 credits (1 above the included amount) would be charged for the standard \$2,650 tuition, plus an additional \$378.57 ( $2650 / 7 \times 1 = \$378.57$ ).

# Amended Start and End Dates

## Early Start:

Some families may wish to begin the school year early instead of on the standard start date. Early Start fees are calculated based on the discounted full-year tuition and charged in addition to the full tuition.

The dates of each Early Start window vary by school year, and the fee is not prorated if a student begins courses partway into the window. If a student is enrolled with an Early Start date and the course planner is sent by the planned start date, the Early Start fee will be charged even if the parent or student does not approve the course plan and start classes until after the Early Start window passes.

For example, if the July Early Start window begins on July 7th, and the student registers to start classes on July 15th, they would be charged 20% of the student's discounted tuition. If the counselor was ready to assign courses on that date, but the student or parent did not agree to the course plan until August 15th, they would still be charged 20% of the student's discounted tuition.

Start Date	Cost
June 16, 2025	25% of Discounted Tuition
July 7, 2025	20% of Discounted Tuition
August 1, 2025	10% of Discounted Tuition

## First Semester Extension: \$150

This is charged for extending first-semester classes to the third quarter of school.

## Summer Extension:

This is for extending unfinished classes from the current school year to the end of July. Costs vary depending on the student's support package and the date that the student registered for the extension. Students may not downgrade their support package only for the summer extension.

<b>Support Package</b>	<b>Summer Extension Cost</b>
AOP, BJU Press, Bronze, Silver	\$400
Silver+	\$550
Gold	\$700
Diamond	Included
Sapphire Live	Not Available

**Summer Extension Cancellation: \$100**

Cancellation fees apply if the summer extension is canceled for any reason after it was requested, but before the extension had begun.

**Temporary Summer Extension: \$100**

Provides 1 week of summer access to submit late work. *(Must be offered and approved by your student's counselor. Very few students will qualify.)*

**Proration Adjustment Fee: \$300**

This is included in the tuition for all one-semester enrollments and covers the additional costs associated with students enrolling for only one semester as opposed to a full school year. This fee is already included in the one-semester pricing listed in this document and on the Enlightenment Academy website. In other cases, this fee is not included and will be applied at the time of adjustment.

# Withdrawal Fees

Students withdrawn during the 14-day grace period will not owe any tuition and will receive a refund for any tuition paid. The enrollment fee is refundable if cancellation occurs within 72 hours of enrollment. The 14-day grace period is based on the enrollment date.

Students withdrawing after the 14-day grace period will be responsible for a portion of the tuition. The amount due varies depending on whether tuition is paid by the family or covered by a third-party voucher, and is calculated based on the time of withdrawal in accordance with the staggered withdrawal fee schedule below.

**Non-refundable tuition deposit:** A tuition deposit based on the chosen support package is due within 30 days of enrollment. For families selecting monthly installments, this amount is charged as early as seven days after enrollment. The tuition deposit applies to the total tuition cost for the year and so reduces the remaining balance to be split among monthly installments.

### Tuition Deposit Amounts:

Programs/Program	Tuition Deposit :
Book-Based - BJU Press/AOP	\$150
Online Program - Standard Packages - Bronze, Silver, Silver +	\$250
Online Program - Premium Packages - Gold/Diamond	\$350

The amount of this deposit is due and nonrefundable regardless of payment arrangements made if withdrawal occurs outside the 14-day grace period. Please note that the 14-day grace period is based on when the enrollment form is submitted, not when the tuition deposit is paid. Once classes begin, the tuition deposit and any payments made will be applied toward the final balance due at withdrawal. This balance includes prorated tuition for time enrolled and a withdrawal fee assessed in accordance with the staggered schedule below.

Enlightium Academy applies a withdrawal fee based on the number of calendar days since classes began. This fee would be added to the final balance, along with prorated tuition from the start of classes to the official withdrawal date. The fee is a percentage of the prorated remaining tuition for the school year:

### Staggered Withdrawal Fees:

Days from class start	Withdrawal Fee
1-60 days from the start of classes	15%
61-90 days from the start of classes	25%
91+ days from the start of classes	35%

#### Sapphire Live Withdrawal Policy

Sapphire Live students will be charged a \$750 withdrawal fee, minus any enrollment fee paid, if withdrawing within 14 days of the student's scheduled class start date; \$3,000 if withdrawing between 15 and 30 days after the student's scheduled class start date; and the full-year tuition if withdrawing after 30 days of the student's scheduled class start date. If withdrawing from Enlightium Academy's Sapphire Live Program after 30 days, students may switch to the Online or Book-Based Program for the remainder of the school year without any additional fees assessed.

#### Withdrawal Fee Limits for Voucher Students

If a student's tuition is being paid using a voucher system and the student is withdrawn at least 14 calendar days after classes are assigned, the parent will be billed for the time the student was enrolled, as well as up to a \$750 digital materials fee instead of the withdrawal fee. The withdrawal balance may not be fully covered by some ESA programs. In these cases, the primary parent is responsible for the withdrawal fees.

#### Start Dates for Book-Based Programs

For students in the AOP or BJU Press packages, the "beginning of coursework" is considered two weeks from the date that the book order form was emailed to the primary parent on file, or the requested start date, whichever is later.

#### Technology, Access, and Curriculum Fee: \$750

In some cases, this fee is assessed in lieu of the withdrawal fee, depending on your state's regulations.

# Part-Time Students

Students in grades 9-12 may take a limited number of courses at Enlightium Academy without being considered full-time students. If enrolling for the full school year, Part-Time students can choose between 0.5 and 3.75 credits. If enrolling for one semester, Part-Time students can choose between 0.5 and 1.75 credits. If a family selects Add-Ons such as Premium Electives, the Add-On fee will be charged in addition to tuition. When considering Add-On services (such as Summer Extension), families can check with their student's counselor for availability.

Credit Amount	Part-Time Silver Tuition
1/2 Credit	\$250
1 Credit	\$500
1.5 Credit	\$750
2 Credits	\$1,000
2.5 Credits	\$1,250
3 Credits	\$1,500
3.5 Credits	\$1,750

*Part-time tuition rates are only available for the Silver tuition package. Part-time students are not eligible for discounts or Continuous Enrollment.*

**Enrollment Fee: \$250** (New Students), **\$150** (Returning Students), or **\$250** (for students who have **previously attended** Enlightium, but have attended another school since then)

This fee is due upon submission of an enrollment form and is non-refundable 72 hours after the form is submitted.

*In some cases, coupons may be provided for enrollment fees. These coupons are only valid if the enrollment fee is paid prior to completing the enrollment form.*

# Summer Only Program

There is a \$250 enrollment fee for all Summer Only Program students, and tuition is billed according to Part-Time rates (see above).

The Summer-Only Program is open only to new students or students who did not complete the previous school year with Enlightium. For those students, the Summer-Only Program is an opportunity to earn additional credits, or to recover credits from previously failed courses, and to try out Enlightium before committing to a full school year.

# 2025-2026 Tuition Rates

For a full description of each tuition package, please [click here](#).

This is the tuition before any discounts are applied. If tuition is being paid using monthly installments, the full year's tuition will be divided into monthly installments so that the last installment will be 1-30 days before the last day of school.

For the AOP Horizons and BJU Press packages, tuition does not include the cost of books. Books are purchased separately from the publisher, and Enlightium does not control pricing, payment terms, or delivery schedules for print curricula or resources.

## Primary School (Grades Pre-K - 2):

Support Package	Full-Year Tuition
AOP	\$875
BJU Press	\$1,050
Sapphire Live (2nd Grade only)	\$14,500

## Elementary School (Grades 3-5):

Support Package	Full-Year Tuition
AOP	\$950
BJU Press	\$1,150
Bronze	\$1,350
Silver	\$1,950
Silver+	\$2,550
Gold	\$3,450
